

**HELO VIENNA**

## HELO VIENNA

### BLUE, BLACK OR GREY?

The new Helo Vienna is designed for modern home saunas. The Vienna heater range is suitable for sauna rooms measuring 3-12 m<sup>3</sup>. The stove is easy to install and pleasant to use – and as it is mounted on the wall, the heater never takes up extra space. You also get a choice of colors to match the design and ambience of your sauna room – Which do you prefer, a fresh and exciting blue, a stylish black, or perhaps a discreet cool grey?

The clear and easy-to-use controls are located on the side panel, either on the right or left side as selected by the user. The heater has a built-in thermostat and a timer with 9 hours pre-heating time and 0-3 hours of running time.

The amount of sauna rocks is 12 or 20 kg dependant on heater power. In the 6 kW model you can fine-tune the size of the stone compartment to your liking, for 12 or 20 kg of sauna stones. A smaller quantity of rocks will heat rapidly whereas a larger mass will caress you with soft, well-rounded steam.

TYPE	POWER (kW)	SAUNA SIZE (m <sup>3</sup> )	SAFETY DISTANCES (mm) sides / front / ceiling / floor
HELO VIENNA 45 STS	4.5	3.0 - 6.0	40 / 60 / 1200 / 110
